

CRESSIDA

Stephen Tyrell

My girlfriend's three daughters were comparing their bodies and menstrual cycles and often asked other girls to take part. One was Cressida. She was stripped roughly as she did not wish to cooperate. She later encountered the three girls at the top of the stairs who were now dressed. There was a fight. Cressida fell and ended up sitting on the top step, dazed. She was naked revealing her small breasts and a neat and tidy vagina. I saw all of this being summoned to sort out the fracas. When she struggled to get up her legs opened very wide and she was showing all her underneath. Nothing was hidden. I saw everything.

That sight of Cressida thrilled me and still does. I am a normal man.

She and the three others came down for tea, reconciled.
