

SPIRITUALISM AND THE BIBLE

David C F Wright DD

The object of this short essay is set out what spiritualists believe about the Bible as confirmed by the Spiritualist Union and all other spiritualists, mediums and psychics whom we consulted and whose writings we have read.

God is impersonal. He is creator and sustainer. He is certainly not a personal God. To say that God inspired the writers of the Bible to make known His divine will is a gross outrage on the public and seriously misleading them. Who or what God is nobody knows. But God is everything from a grain of sand to a leaf upon a tree.

The trinity does not exist. It is utter nonsense.

God is a solitary being from eternity. He is unknown and unrevealed. No one has existed as His equal and no one has revealed Him. Therefore Jesus saying that He has revealed God is complete nonsense. God is not known in any way to any human being.

As to Jesus Christ, He is dead and forever dead. He was just a man nothing more and nothing less. He is not an advanced spirit on the sixth level. His human existence ended on a Cross. It was necessary that he should live and equally necessary that he should die. He will never live again but remain dead throughout eternity. He is not divine. He never claimed to be divine or God manifest in the flesh. His identification with the Father was that of mediumship. Jesus Christ was a medium, a psychic like many today and no greater than the mediums of today.

The man Jesus Christ never rose from the dead. He was certainly not the Son of God.

The Holy Spirit is not a real Being or a Person.

The origin of sin, or the fall, as it is called, never happened. Adam and Eve did no exist.

Evil does not exist. Evil is good. No matter what man path may be, good or bad, it is the path of divine ordination and destiny. There is no retribution for anyone.

A lie is the truth intrinsically and holds a lawful place in creation; it is a necessity.

There is no atoning value in the death of Jesus Christ. He was a Jewish enthusiast and came to an untimely death. The teaching that salvation by a vicarious atonement is wicked and a soul-destroying delusion.

In the spirit world souls do wrong as they do here. They reap what they sow but are gradually purified and blessed. Man becomes his own saviour. Man is only made better in this life by intercourse with spirits.

Hell does not exist and never will. All spirit people of wisdom, knowledge and love know that there is no hell and no devil. Everybody goes to heaven since there is nowhere else for them to go. For example, Hitler will be there in heaven as will criminals, gangsters, murderers and rapists.

There is no resurrection and no judgement. As we have said, Spiritualists believe that here is no retribution.

The Church, or churches, teach nothing but lies and dictate to their congregations and create fear in them if they do not adhere to the church's rules.

We wish to repeat that this is what spiritualists, mediums and psychics teach and it is in permanent form because it is in their writings.
